Anleitung: bunte Blumentöpfe aus Terrakotta

Instructions No. 1149

This handicraft idea is based on three classic terracotta pots and a black lacquered wooden holder that can be mounted on an outdoor or indoor wall. Colourfully painted and decorated we give it an individual look. Give it a try.

And it's that easy:

How do I design the colourful flower pots?

First of all, prime the terracotta pots with white outdoor-Acrylic paint. Take a little bit of putty and cut it to size for the pots. Cover the Flower arrangement foam with moss and put a bouquet of flowers in each of the spaces in between.

How do I paint the dots on the flower pots?

Take a stippling brush and apply the different colours to the pots. Use several brushes or always wash them out well so that no paint is blurred. When everything is dry, attach the yellow Satin ribbon to the pot with a little hot glue and put a bow at the end. Then simply put the pots back into the holders and you can enjoy the colourful pots.

Tip: For the finishing touches, write on the sign above the holder with chalk or paint a sweet little heart above it.

This idea is timelessly beautiful!
