Winterlicher Tannenbaum

Instructions No. 876

This bright fir tree with its lovely details is a wonderful winter decoration. The cone garland and the decorative snow create a wintery ambience while those out are getting in the mood for Christmas stars Felt Christmas

It's that easy

Spread a Bristle brushes little decorative snow on the edge of the flap of the flower pot and let it dry.
Wrap the fairy lights and the pine cone garland around the Fir.

Make one for them Christmas stars using the template Stencil and cut the flowers out of the modelling felt. Apply with the Pearl Pen the pistils and let it dry well. Now you can Fir decorate them in Christmas stars the pot and take them off after Christmas. So this decoration will accompany you through the whole winter
