Difficulty: Beginner 🍃🍃🍃🍃

Practical everyday helpers can be easily decorated and become a real decorative highlight - the decorative cosmetic tissue box **is quickly** and easily recreated

You **can** turn the **box for cosmetic tissues** into a creative piece of jewellery in no time at all. It is made of plywood and can be easily primed with paint and **covered with Napkins and fabric**.

And it's that easy:

How do I decorate the cosmetics box?

The sides of the box are covered with a Decoration fabric You need a piece of fabric that exactly matches the outside of the box. Measure the fabric and cut it accordingly. Now apply a thin layer of Napkin varnish to the sides of the cosmetics box and press the fabric evenly. Let it dry afterwards

Choose a motif from Napkin and cut it to size. Stick on the motif from Napkin using Napkin glue . It is partly glued to the top side and partly placed on a side wall of the cosmetics box. The straw silk motif overlaps the previously glued Decoration fabric.

By the way: you can easily place standard square cosmetic tissue boxes from the drugstore or supermarket inside the box.
