Autumn castings on the branch

Instructions No. 2582

Difficulty: Beginner

Working time: 1 hour

For autumn, a matching window decoration must not be missing. That's why these autumnal castings are ideal for autumn. Of course, the typical shapes like leaves and mushrooms must not be missing.

First, mix the appropriate casting powder with water to form a creamy mass. You can easily add a colour concentrate of your choice to the mixture. When the desired mixture is ready, place it in the appropriate moulds. Tap the moulds lightly on the surface so that the casting mass is well distributed and the air bubbles rise.

After approx. 1 hour drying time, you can carefully remove the castings from the mould. Then sand the edges lightly.

Tip: For the marbling look, add two shades to the casting slip and stir only slightly.

Now you can prime some bark slices with white or any other desired craft paint. Then take a suitable napkin and cut or tear out the desired motifs. Next, stick the top, printed layer onto the bark disc with napkin varnish.

When everything has dried, you can drill a hole in it for hanging.

Finally, when you have threaded on the desired castings, you can hang them on the eyelets of the branch and a beautiful decorative idea for autumn is ready.

Must Have

Silicone casting mould "Pumpkin, mushroom, leaf"

Motif size: 5 - 7.5 cm
Number of motifs: 7
Fill volume: 150 ml
Length: 26 cm
Width: 14.5 cm
Height: 1 cm
Material: Silicone
