## Crafting fun for young and old

1. First transfer the template to the red felt and then cut it to size.
2. Then cut a strip of the dark green felt of any width with pinking shears.
3. Now stick both to the tin with double-sided adhesive tape.
4. Then pull the clamps onto the felt and fix the whole thing in place with a little hot glue.
5. Finally, fill the cellophane bag with the items of your choice, then seal it with the bag closure strips and place everything in the tin.
