coaster from craft blocks and Raysin

Instructions No. 3057

Difficulty: Advanced

Working time: 2 Hours

If you're looking for a stylish way to decorate your home, why not try our craft instructions for **coasters** made from **craft blocks and Raysin**?
With these simple instructions, you can create your own **coasters** in no time at all and add a personal touch to your home.

It's as simple as that:

First protect your workstation with a handicraft mat.

Then glue 4 **VBS craft blocks** together on the long, narrow side. Once the glue has dried, cut the blocks to a length of 9 cm using a saw. This will give you a square measuring 9 x 9 cm.

Now loop the ends and place the square in the middle of the **silicone casting mold "coaster Square"**.

Now mix approx. 2 tablespoons **of Raysin** with water to make a creamy mixture and fill the mold with it. Gently tap the mold several times to release any air bubbles.

After approx. 30 minutes Time to dry: you can carefully remove the casting from the mold. Then clean the edges of the inner surfaces with sandpaper.

Then use handicraft glue to glue a **VBS coaster** of MDF wood under the casting.

Tip: To protect the craft blocks from moisture, coat them with VBS Acrylic varnish!

Must Have

VBS Handicraft blocks, Beech wood

Content: 117 pieces
Length: 160 mm
Width: 22 mm
Thickness: 8 mm
Material: Beech wood
