Colourful Easter Bunnies

Instructions No. 2389

Difficulty: Beginner

Working time: 3 Hours

Here are **very cute bunnies** that would like to be decorated in your home. These bunnies are easy to make and can be decorated by small children with a little help.

This is how the bunnies are designed:

Print out the **template**, cut it out and transfer it to the felt. The feet on the **textile felt**, the other shapes on the **craft felt**.

Cut out the motifs from the felt with the cutting scissors. Glue the inner ear onto the ear with VBS craft glue. Apply more glue to the bottom end and press it together.

Carefully make two holes in the **plastic egg** with the awl. Insert the ears into these holes (if necessary, press them in a little with the awl).

Now glue on the belly and the nose. Use a **marker** to draw the eyes, the whiskers and the mouth.

Glue the nozzle of the egg to the curve of the feet so that a surface with feet and nozzle is created. Finally, fix the pompom and the bow to the bunny with a little glue and let everything dry thoroughly.
