Crochet idea Boho pennant necklace

Instructions No. 2250

Difficulty: Challenging

Working time: 5 Hours 20 Minutes

Decorate your favorite outdoor corner with a pretty boho pennant chain! To recreate this idea you need some crochet experience, but the result is a visual highlight!

For the pennant chain, the pennants are crocheted in two different ways and then alternately chained together. You first crochet all the pennants according to the following instructions with Catania wool in cream (needle size 3.5):

Pennant 1

Cast on 4 air stitches (LM) and close them with a chain stitch (KM) to form a ring.

Round 1:

- Crochet 3 LM, 2 sticks (Tr) into the ring.
- *4 LM, 3 Tr in the ring* 2x
- end with 4 LM and close the round with a KM into the top of the 3 beginning LM (there are 3 arcs of LM)

All crochet stitches at a glance:
LM = air stitches
FM = Solid stitches
KM = chain stitches
Tr = Sticks

Round 2:

- KM into the next 2 Tr
- in the LM-arc: 3 LM, 2 Tr, 4 LM, 3 Tr
- *2 LM
- 3 Tr, 4 LM, 3 Tr in next LM-arc* 2x
- end with 2 LM and close the round with a LM in the top of the 3 beginning LM.

The individual pennants are joined with a chain of LM. In our crochet example we used Catania wool in coffee brown for this.

Tassels tinkering

Use for the tassels Catania wool in the color sun. With a tassel template, it is very easy and fast to wind uniform tassels in approx.7 cm length with the help of the product instructions.

Alternatively, to make a tassel, simply wind a strand of yarn about 30cm long around a piece of cardboard 7cm wide. Tie this strand together on one side with another thread and cut the tassel at the opposite end. Wrap another strand of yarn around the knot for that signature "tassel" look. Knot a strung wooden bead to the tassel head and pennant.
