folding star as windmill decoration

Instructions No. 2894

Difficulty: Beginner

Working time: 2 Hours

Christmas time is all about sitting together and making things. For most people, making stars is an integral part of the cold season. We have decorated a **folding star** beautifully as a **windmill**. Fold it right away with our illustrated folding instructions.

Folding instructions for the windmill/star:

Take the **papers of** your choice and fold them using our **folding instructions**:

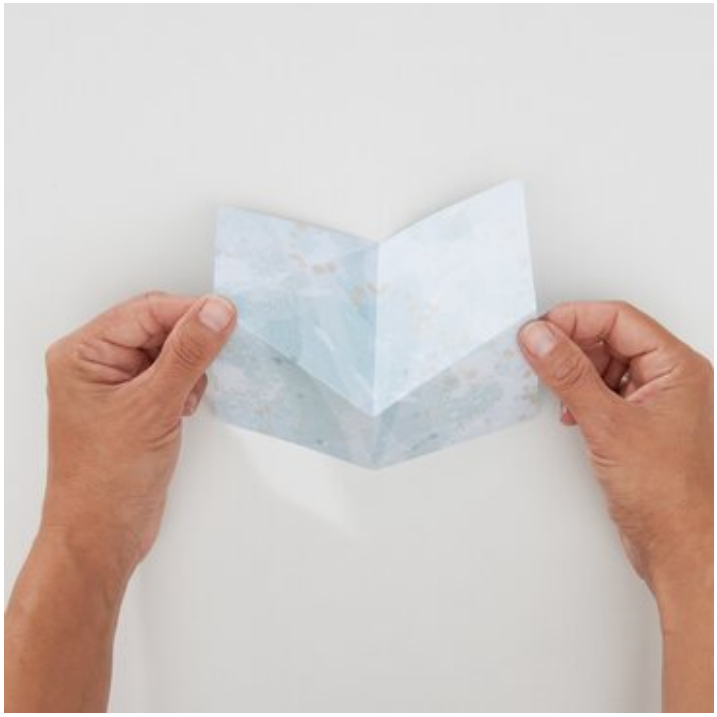

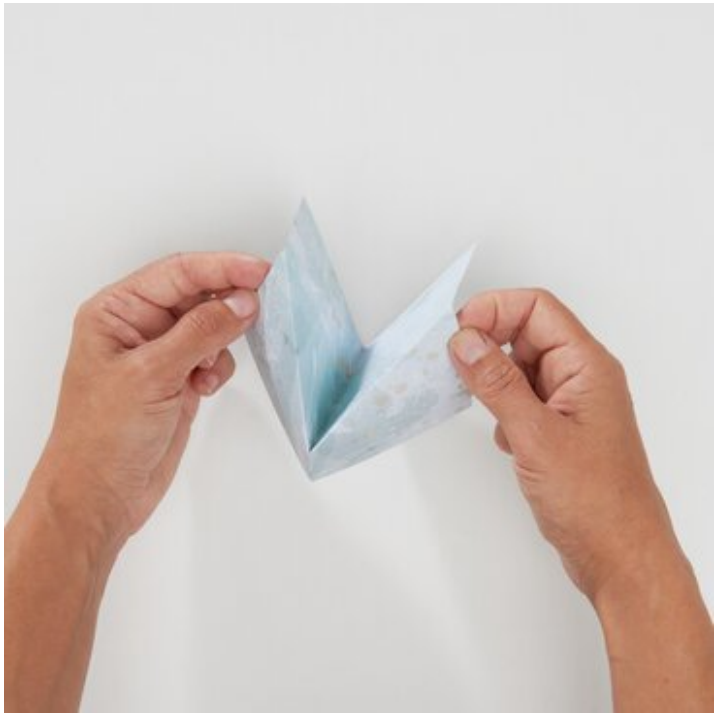

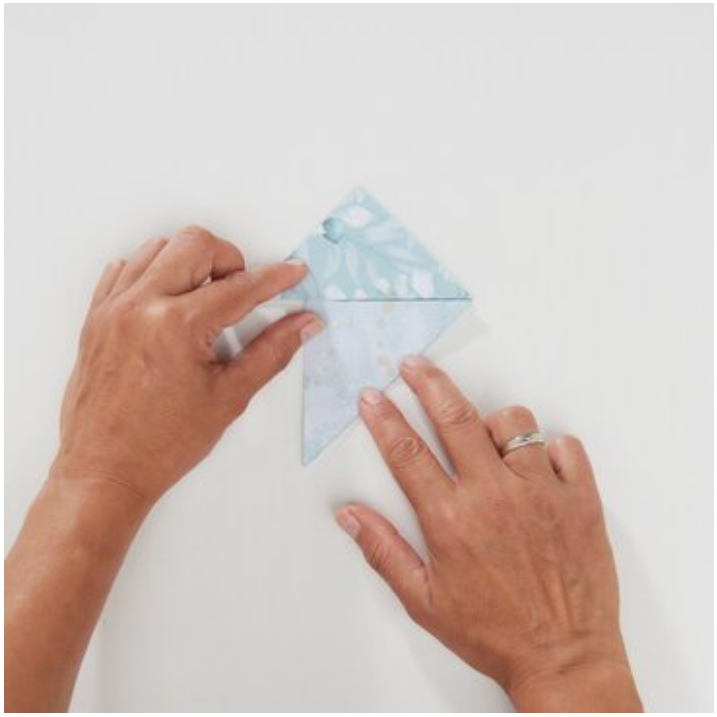

Insert the **round rod** into the wooden ball. Insert the rod through the star, shorten it to fit and insert a **wooden ball** to the end

Shorten the round rod to any desired length and insert it into the wooden disk. Stick a wooden ball at the top of the end. Apply hot glue to the top of the ball and place one of the wooden balls in the middle of the star.
