

# Glass bottles with cherry blossom motifs

**Instructions No. 869**

Catch the summer! With these beautifully decorated **glass bottles in a cherry blossom design** you are guaranteed to **succeed**.

### It's that simple:

Clean the glass thoroughly, it must be free of grease.

First draw the desired motifs on the glass bottles with the Strich-Ex pen. This pen can be corrected with a damp cloth if necessary.

The colouring is done from the light to the dark colours. Thus the motive works more plastic.

Afterwards you draw the contours with the contour pencil

Bake them in the oven at 160°C for 30 minutes to make them dishwasher safe and you will enjoy them for a long time. Decoratively the bottles are decorated with something Raffia .
