Instructions: Cute pompom farm animals

Instructions No. 1317

Make your own farm animals! This tutorial explains exactly how you can quickly create your own cuddly horses, pigs and cows!

Here's how it's done

With the **Pompon maker** you wind up wool as described in the product instructions. As soon as there is enough wool wrapped around the templates, tie them together with a wool thread, cut the wrapped wool along the Stencil - ready is the pompon. It is not yet round enough? Simply cut it into shape with scissors!

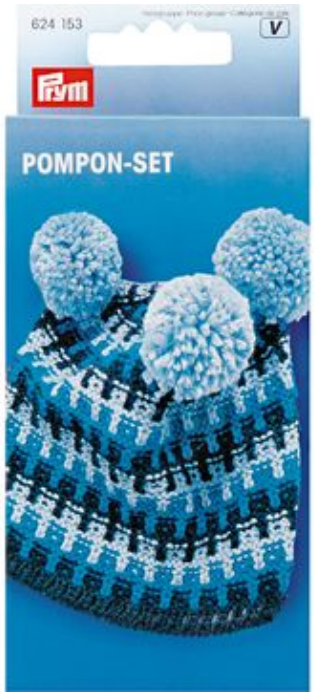

For one cow, you **alternatel Stencily** wrap black and white wool using the pompon . The little horses are made with brown wool, the pigs of course in Pink. To make the faces, first print out the motif template. Cut out paper templates, put them on Felt and cut out the individual shapes

For the **horse** , cut out the head **from** brown Felt and the nostrils from dark brown Felt . Wobbly eyes and glue on a few woolly hairs as a pony. Paint on the nostrils with a black Fineliners

Cut out the head of the **cow** from black Felt , cut out a pink blaze and glue it on, glue Wobbly eyes on.

For the **pig** only pink Felt **is** used: The ears, the pig's nose and Wobbly eyes are glued on the head. The small pompon animals get wooden hemispheres glued on as feet, the big animals get real wooden feet.

Must Have

Pompom set

Number of parts: 8
Content: 4 pieces
Material: Plastic
