kandelaar Stones

Instructions No. 2014

Difficulty: Beginner

Working time: 2 Hours

Some stones are said to have healing effects, like calmness and serenity. That is why stones are often used as decoration to radiate peace and quiet. In our decoration example, the stones were cast and partly transformed into candlesticks. The crafting of the stones and the painting is a calming self-occupation, where you can forget the fast everyday life and relax.

Cover the upper edge of a **candle nozzle with hot glue and** place it upside down in the silicone form **stones.** Before you do this, you should test which stone mould is deep enough for the spout. Stir the **concrete with** water to a creamy mass according to the package instructions and pour the concrete mass into the mould

After about **4 hours drying time**, carefully remove the stones from the mould. After the complete drying time unevenness can be removed with **Sandpaper** be removed. Paint the stones as desired with **Handicraft paint** and set noble accents with **gold leaf**. For the shimmering gold leaf, apply a little **investment milk** with a brush and place the **Leaf metal** to the desired position. With a **soft brush** you paint everything firmly. Glue some stones on top of each

other with **assembly glue**

Finally, the candles are decorated Gold**with** Inca. These are placed **in** the candle nozzle with **adhesive wax plates**.
