Maritime craft fun with paper

Instructions No. 2208

Difficulty: Beginner

Working time: 1 hour 30 Minutes

The most beautiful projects can be realized with paper. These nautical craft ideas are a great example of how paper and little effort can be used to create practical and decorative things.

The decoration examples in this idea are made with either nautical themed paper or natural kraft paper. In addition to the construction paper, place a cutting mat, ruler, cutter knife, double-sided tape, motif punch, stamp, stamp tool, stamp pad, hole punch and possible other accessories ready....

Maritime treasure chests Whale Watch

The scrapbook paper set "By the sea" includes all the papers processed here. You are welcome to choose alternative motifs. Cut them with cutter knife and ruler on the cutting mat and glue the boxes piece by piece with the papers. Double-sided adhesive tape is particularly suitable for this. The small anchors are punched out of motif cardboard with the "Anchor" motif punch. The edges of the boxes can be decorated with jute tape...

Metal tins for small gifts &amp small present

Decorate small metal tins with paper banderoles or decorative covers. Stamp kraft paper with the "By the Sea" silicone stamps. Cut the stamped paper into small strips approx. 6 cm wide for the banderoles and into approx. 6 x 6 cm squares for the lid sheets (cut edges round). Trace the edges with a black paint marker.

Wrap the filled tins with the banderoles, gluing them together at the bottom. Use double-sided tape to fix the decorative leaves to the lids.

Maritime greeting cards &amp decoration pendant

Use the kraft paper, white clay cardboard, stamps and punches to create very individual greeting cards and gift tags. For sticking, in addition to the double-sided tape, also use 3D adhesive pads and use jute ribbon and small tassels for decorating.

Decoration sign "Follow the Sun"

With paper you can even make decorative signs. Choose decorative nautical paper. Label this with your personal message before gluing the decorative sign.

Small punched parts and decorations made of jute ribbon give the sign that "certain something"...
