Hop, hop, who's hopping? This **cute bunny garland** is a great decoration for the Easter season. With our **free template** and just a few materials, you can conjure up a whole bunch of bunnies that will look great on your dresser, window sill or even on the table.

It's so easy to make the bunnies:

Print out the **templates** and cut them out. Transfer to the **craft cardboard sheet** transfer. The bunnies must be painted with their feet together to create a continuous row. Fold the template along the dotted line. Fold back the template for the first and last bunny to create a round foot. Cut out the row of bunnies.

Transfer the templates for the bows, inner ears and the heart to the paper of your choice, here **Paper-set "Pünktchen"**, and cut them out. Glue to the bunnies using handicraft glue .

Glue the **felt ball** for the stubble tail on with handicraft glue as well. Draw the face using the **Posca marker**. Fold a line between the feet of each bunny and then crease.

Tip: Designed from both sides, the row of bunnies is a great eye-catcher on the windowsill - from the inside and outside.
