Serviettentechnik Anleitung - Adventskalender

Instructions No. 736

Difficulty: Beginner

Working time: 1 hour

Time is running out and you need another Advent Calendar? No problem!

With these materials you can quickly and easily conjure up a personal, lovingly designed, Advent Calendar even at the last minute..

Here's how it works:

Use the tweezer scissors to cut out the desired motifs from Napkins and place them on the bags. You can let your imagination run wild and combine them in different ways. From Napkin you need only the uppermost layer, remove it carefully.

Now bring the motifs with the VBS Napkin varnish. To do this, spread the paint over the motif from the inside outwards. Use the flat VBS Napkins-brush, it enables even application and minimizes the risk of wrinkles or cracks in the motif.

As the bags dry, cut the fir branches into shape, lay out the Christmas apples and decorative birds and cut 24 pieces of cord to attach the bags to the bell ribbon. When the bags are dry, you can start..

Decorate your little works of art, hide little gifts under the branches and then hang it on the bell ribbon with Cord .

And you will certainly find a suitable place for this lovingly designed Christmas decoration !

This idea is timelessly beautiful!
