Instructions No. 952

This pretty chest of drawers in its romantic look brings the Parisian flair to your home. With the playful designs and the small highlights at the Parisian landmark, this drawer cabinet becomes an indispensable living accessory.

It's as simple as that:

Cut out the desired motifs from Napkins , place the printed layer on the drawer box and stick it on with Napkin varnish .

After drying, cut out the spaces between them with a scalpel.

Make small loops from Satin ribbon and glue them onto the drawers with hot glue.

Fix the mini rhinestones on the Eiffel Tower.

To accentuate the edges, wipe gently over them with the Ink Pads .

Complete your decoration with the matching tray, to be found at: instruction954 and the candle, to be found at: instruction953.
