Sew cherry pit cushion cloud

Instructions No. 2012

Difficulty: Advanced

Working time: 3 Hours

You are having a baby or you know someone who is pregnant and you need a **present** for the **birth?** Our **self-sewn cloud is** an ideal gift. It is sweet and can be personalized with the name of the child if desired. But also simply for yourself or for a child to cuddle and warm up, our sweet cloud is ideal. It is easy to use even for sewing beginners.

This is how the warming cloud is sewn:

Print out the template. The template already includes a **seam allowance** of 1 cm all around

Transfer the **pattern per** pillow 1x to the plush fabric and 1x to that and Cotton fabric cut it to size. Make sure to use the pattern mirror-inverted once so that the two parts can be sewn together later

If desired, sew from the **Cotton fabric** one **day**. For this you need a strip of fabric that is twice as long as the flag should be and four times as wide. Fold the long sides to the middle to mark the middle. Now unfold your piece of fabric again. Now fold the long sides left to left to this middle. Next, fold one long side over the other so that all

unsightly edges are inside. Now place two seams along the long sides. Now the tag can be folded in the middle and worked in during the sewing process.

Embroider the **face of** the cloud by hand on the plush fabric. Now place the fabrics right sides together and pin them together if necessary. If a tag is to be sewn on, place it inwards between the fabrics. Sew the cloud all around with a straight stitch. Leave a turning opening at first

Turn the cloud around and insert a cherry stone inlet. Now close the turning opening by hand. The best way to do this is with a **magic seam**. Already the sweet warm cloud is ready!
