Wipe with a damp Paint sponge light blue **Acrylic paint** over the areas. We have mixed the colours Vanilla and turquoise with each other for this purpose., With the two-dimensional colour application, the colour may also be wiped over some areas of the paper motifs in a strongly diluted form (glaze technique). Include the sides of the stretcher frame in your picture design.

Now choose a suitable painting stencil **,** set with small gears, clock elements or suitable vintage motifs with **Metallic Acrylic paint** in Copper and Bronze colored accents. Brush carefully over the edges and some areas of the stretcher frame.

Letters, numbers, gears and keys are now prepared for collage: Paint the **accessories** with **rust paint**. When they are dry, paint them with Gold leaf priming milk and place **Leaf metal** in Copper .

Arrange all the decorative elements in the picture to form an attractive mural and stick them on with **painting gel**. The gel dries clear and transparent and is also a strong adhesive
