VBS Kreativ-Set „Adventskalender"

Instructions No. 1039

With our basic set for this Advent Calendar you can also give a loved one a treat in no time at all.
Make this little house with harmoniously matching colours and napkin motifs according to your taste. With the liner you can then emphasize and set the scene for various motifs, it gives the house its festive, Christmassy character.

And it's as simple as that:

- Prime the roof of the house in red and the gable in beige.
- Paint two drawers in Old Pink, Red, Aubergine, Olive and Ivory .
- Stick the remaining drawers with the Napkins-motifs. Cut out the desired motif roughly and stick the top printed layer onto the box with Napkin varnish . When the varnish is dry, cut off any excess material with the scalpel. Cut out individual Napkins-motifs exactly and stick them onto the gable of the house.
- Stick on the Advent calendar numbers.
- Now accentuate with the liner by surrounding the motifs and applying small dots to the boxes.
